Dear Mr. Wood:

Re: Yerian Mine, S/047/034, Uintah County, Utah

Thank you for your letter of May 10, 1993, explaining the recent course of events regarding operations at the Yerian Mine. In addition to your letter, we received a brief letter from Mary Ashton, the claimant.

Due to the numerous "operators", and the incomplete permit file for the Yerian Mine, we feel the best way to resolve the outstanding concerns is: 1) to conduct a joint onsite inspection including yourself, the BLM and our Division; 2) to proceed with the filing of a new Small Mining Notice of Intention (SMO-NOI) after the inspection. It may be necessary to add some stipulations dealing with the encroachment and acreage issues into the SMO-NOI.

I would propose an inspection sometime in mid to late June 1993. I will be calling you and the BLM within the near future to coordinate a date for this inspection. Thank you for your attention and cooperation in resolving these permitting concerns.

Sincerely,

Anthony A. Gallegos
Reclamation Engineer
